The plant and business will remain at the same location and continue in its normal way under the new management and until Mr. Berger has become thoroughly familiarized with his new setup, the present Anvil Herald staff will lend its assistance to his becoming established.

In the meantime, your continued business and good will are solicited. "Now is the time to subscribe." FLETCHER DAVIS.

ROAD WORK IN COUNTY PROGRESSING SATISFACTORILY

The county-wide road program under the \$800,000 bond issue is progressing satisfactorily, according to County Judge Arthur H. Rothe, in an interview with him Wednesday afternoon. Approximately six miles on the Hondo-Tarpley Road is based, and the County, working with its own equipment, has something like 12 miles based from Dunlay south and also from Dunlay north toward Quihi and work is continuing satisfactorily.

News came Tuesday to the Commissioners Court that Holland Page, contractor on the Highway 90 improvement program, would bring his machinery in Wednesday of this week. The equipment is to be put to use clearing right-of-way of brush and digging channels for drainage structures. The Court also received the news that plans are completed and work should begin in a short time on the Yancey Road from Hondo south.

Basing and topping on No. 173 will probably precede or go concurrently with the work on the Yancey Road, Judge Rothe said. Both 173 and the Yancey Road projects are under the Federal-State lateral road improvement program.

The 4 County Commissioners are busy clearing of brush the roads under the program for topping in their respective precincts and rounding corners and shaping up for further letting of contracts.

TO OUR PATRONS AND THE PUBLIC

In retiring from the mercantile business after over half a century, we take this means of extending our thanks and heartfelt appreciation for the patronage that has been extended to us over this long period. As it has been our pleasure to serve you in the past, we will likewise appreciate your continued patronage and favors to our successor, M. H. Saathoff, who will carry on the business in the same careful and courteous manner which we have always endeavored to extend the public.

Gratefully yours,

HOTEL GUEST ROBBED BY SAN ANTONIO YOUTH

Juvenile Court convened at 2:30 p. m. Tuesday, May 14th, for hearing before Judge A. H. Rothe of a charge of theft against a 15-year-old San Antonio youth. The boy had recently been employed by an itinerant photographer from Eagle Pass who was a guest at the Armstrong Hotel. Some time during the night Sunday the man was robbed of a new hat, \$17.00 cash and a pistol. He reported the theft to Sheriff Jack M. Fusselman who apprehended the youth as he was trying to hitchhike a ride to San Antonio near Dunlay hill east of Hondo.

The Judge committed the boy to the care of his father pending further order of the Court. The father and his son are to report the first of each month to the Juvenile Court here.

On Wednesday in County Court, the hotel guest pled guilty to unlawfully carrying a pistol and was fined \$100.00 and costs.

RECITAL POSTPONED

and once taken prisoner by the Germans. After some months, he escaped and rejoined his command.

He says, however, that he is not making his race on his Army record, but is running as a Democrat who wants to help in a constructive way to promote democratic government.

COMMISSIONERS IN TWO-DAY SESSION

The Medina County Commissioners Court had a busy two-day session Monday and Tuesday, May 13-14, for the regular May term. The Court, composed of County Judge Arthur H. Rothe, and Commissioners J. G. Britsch, H. J. Bippert, O. W. Tondre, and Fred Bowman, convened at 10 a. m. Monday and closed about 2 p. m. Tuesday. In addition to the routine business of examining and approving regular monthly accounts and bills of the County and Commissioners, the Court took up other important matters.

The application of Vernon King to have filed for record an addition to the City of Hondo out of Survey No. 187, A. Gesell, and comprising about six acres of land owned by Mr. King, was heard. The addition is to be known as the "School Addition."

The Court ordered that Commissioner Bowman be authorized to make purchase of a tract of land not exceeding 2 acres in extent to be used as a dump ground for the town of Natalia. Closing purchase can not be made, however, until report has been made to the Court for approval regarding location and price per acre.

Appointment was made by the Court of election officers for the various precincts of the County, to serve for one year and until their successors are appointed and qualify. The list of appointees will appear next week in this paper.

The Court spent part of Tuesday in cancellation of the first quarter of the County's business. Vouchers were examined and approved and the Court ordered that funds be given their proper credits.

Various committees from the Southeast quarter of the County were received by the Court for hearing on the question of topping various roads in that area. In no instance, the County Judge said, did any petition cover a road which was not already under consideration for improvement by the Court.

FIREMAN'S CELEBRATION A SUCCESS

Saturday night's Fireman's Semi-Annual Street Dance and Carnival scored its usual grand success. Hundreds of merry makers turned out to dance and enjoy the other amusements. Many prizes were distributed, details of which we are not permitted to give. All in all a handsome sum over and above expenses was realized from the combined features.

The primary purpose of these funds are to apply on the \$2,500 debt on the new pumper fire engine recently installed, and which greatly enlarges the facilities of the Fire Department for coping with the Fire Demon.

In the generous rivalry of workers at the advance sale of tickets, Sheriff Jack Fusselman won high score with a sale of 210 tickets. A competitor, however, whose name we are not furnished, scored the highest sale to an individual—40 tickets to one party.

On the whole the Fire Department is to be congratulated on its success and the community on having so successful and efficient volunteer organization.

WANTED—About 40 acres of sandy hillside land with electricity and plenty of water. Need not be improved land. HONDO LAND CO. at Anvil Herald Office. Phone 127.

PUBLIC SCHOOLS CLOSE; COMMENCEMENT EXERCISES HELD LAST NIGHT

At a meeting of the School Board Tuesday night with local health authorities it was decided to continue the Hondo Public Schools on regular schedule until the end of the scholastic term, subject, however, to change if an outbreak of polio occurs here. This decision was revoked, however, after great pressure from school patrons and parents was placed on the Superintendent, School Board and local doctors and consequently, Supt. H. C. Richards announced the closing of the Hondo Public Schools effective as of Thursday morning. There are no known cases of polio in this city or vicinity and the closing of the schools is merely a precautionary measure.

The Baccalaureate services scheduled for Sunday night, May 26th, have been cancelled. The Commencement exercises were changed from Friday night, May 31st, and hurriedly held last night with the following program:

Prelude—Miss Dell Scott.
Processional, "March of the Graduates," by Johnson.
Invocation—Rev. M. J. Lorfing.
Presentation of Class—H. C. Richards.

Salutatory—Arthur Dawson.
Valedictory—Jonell Britsch.
Song, "A Perfect Day," by Bond—Jackie Hollmig, Norma Kollman, Henry Holloway, Charles Koch, Betty Ann Garrison, and Catherine Woolls.

Address—Henry Holloway.
Awarding of Diplomas and Presentation of Scholarships—Henry Merriman.

Response—Catherine Woolls.
Presentation of Athletic Awards—T. D. Bridges.

School Song, "For Hondo's Honor and Glory"—Class.

Benediction—Rev. Emmett Kolodzie.

Valedictorian of the 1946 class is Miss Jonell Britsch, daughter of Mr. and Mrs. Emil Britsch. Salutatorian, Arthur Dawson, is the youngest son of Mrs. Nora Dawson. Presentation of diplomas and scholarships was made by Mr. Henry Merriman, recently elected president of the School Board.

The graduates were June Angermiller, Erlene Baker, Jonell Britsch, Rosalie Flory, Betty Ann Garrison, Patsy Lou Goff, Olivia Gonzales, Bonnie Keller, Norma Zane Kollman, Margaret Ann Laughinghouse, Marie Lindeburg, Jackie Hollmig, Jeanice Poerner, Inell Renken, Elma Saathoff, Mary Joyce Saathoff, Mary Lou Sathoff, Jo Lynn Smith, LaVerne Wiemers, and Catherine Woolls.

Horace Britsch, Arlie Brucks, Arthur Dawson, Tommie Finger, Freddie DeGroot, Buster Goff, Henry Holloway, Charles Koch, O. C. Marquis, Lenwood Muennink, Melville Mumme, Bobby Nester, Oscar Ney, Edison Oefinger, James Riff, Victor Schweers, Leonard Stiegler, Jay Ray Swonger, Milton Walton, Leonard Wernette, Joe Wheeler, and Dennis Zerr.

H. D. COUNCIL MEETS

The Medina Home Demonstration Council held its regular six-week meeting at Castroville, Saturday, May 11, with Mrs. A. C. Gilliam, chairman, presiding. May is Home Demonstration week and the council voted to observe it by each member and club doing something for the Philippine Islands. Suggestions were: Each club member donate 1 or more white sack with needle and thread attached. Each club is to can 100 or more cans of farm commodities through co-operative work. The cans are to be bought by each club and the vegetables donated by members. Suggestions for canning the corn, beans and blackeye peas. Old clothes may be donated, preferably white. For local work, each club is to do some form of civic benefit, such as cleaning of school or church yards, general cleaning of school buildings, cleaning of cemetery yards or sewing for the Red Cross.

The committees that sponsored the barbecue for the benefit of the Community Center gave their reports and after all expenses were paid there was a profit of \$683.84. This was made through private donations, sale of drinks, cakes, dinners and meat. The Council will keep 10% of this.

District 10 held its meeting at Beeville, Friday, May 10. The delegates from Medina County were Mrs. A. C. Gilliam, Mrs. E. M. Delevan, and Mrs. Milton Leinweber. Mrs. Mayberry took them and all reported an interesting time. Mrs. Leinweber and Mrs. Delevan gave the reports. Mrs. Gilliam reported the \$300 scholarship that is awarded each year by the Home Demonstration Clubs of the state to the outstanding 4-H girl, was won by Miss Georgeine Mengers of Bee County.

The next meeting of Council will be July 27 in Castroville. At this meeting the entertainment chairman will give her plans for the encampment to be held in August. All Council members are to be there.

NEWS BEHIND THE NEWS

By PAUL MALLON

Released by Western Newspaper Union.

ARMY-NAVY UNIFICATION SHOULD START AT ONCE

WASHINGTON. — Mr. Truman made the proper move to get his army-navy unification bill through congress. The navy had performed an all-out lobbying job against the program. It was in charge of Navy Assistant Secretary H. Struve Hensel, who worked through the Navy League promoting speeches and articles by admirals, and arousing naval affairs committeemen in both houses. If Mr. Truman succeeds in stopping navy agitation, he will get his bill through because there is no other opposition, except that which may be continued by the naval committeemen who fear they may lose their seniority standing in their committee jobs. But the bill is not on the program for this session. The calendar of both houses is already crowded for the next several months, and the leaders are planning a summer recess to let the legislators go home and mend their broken fences in preparation for their re-election campaigns.

The navy never had much of a case. No one can oppose unification as a theory. Appalling duplications of army and navy services filled the committee record of hearings. Army and navy competed with each other in bidding for such things as clothing, for example. In that line, one service might have a surplus of some items while the other had a deficiency.

In negotiating their separate contracts, they were actively competing against each other. Then again on small islands like Guam, there would be a naval hospital constructed and maintained a mile away from an army hospital. It was shown also that in armament the navy and army encountered needless conflict. Furthermore, the building of separate airports around the world caused duplication waste in many instances.

NAVAL DELAYING ACTION

In the face of such overwhelming evidence, the navy centered its campaign largely upon delaying action by congress. Its basic fear and claim was that the navy was to be put under the army by unification—which simply is not true. The Thomas subcommittee has reported now a bill which proposes to set up the unification this way: A single secretary of common defense in the cabinet, with three secretaries under him, one each for army, air and navy; then an over-all chief of staff (with a recommendation that the President rotate this office between the three services, giving it to army for a year, then to air and then to navy); three assistant secretaries representing each branch of the service, and finally legalization of the joint chiefs of staff set up during the war to provide cooperation in strategy between the services.

This setup preserves the navy as just as much an independent unit as the army or the air forces. It does not put the navy under the army. But it is true the army, numerically, is stronger, and may wield a greater influence in the combined department than the admirals or air arm, despite the legal equality of each branch.

Delay in enacting the program until next year will greatly impede efficiency in national defense. Even if the legislation could be enacted today, at least a year or more would be required to work out and effect the vast details of reorganization.

While the Soviet seems to be leisurely withdrawing its military army from Iran, it is leaving behind a political army which has an excellent chance of absorbing the country, as Britain and the U. S. have no armies on the ground, military or political.

Next possible Russian move may be to cut the nearest slice of Turkey already defined in the official Moscow journals. This is a thin slice running about 200 miles westward in length along the Black sea with a depth of 75 to 100 miles inland. The Turks could not stop such a move without naval assistance from the British or U. S. Their frontier armies could easily be by-passed by Russian amphibious landings in their rear.

A late grapevine report to trustworthy authorities here indicates Russia is in no condition to try this, or any other major venture. Her casualty list from the war has not yet been published and no one knows how many she lost.

Russia's manpower shortage has been made acute by critical shortages of farm tractors, locomotives and trucks to an extent where she cannot hope to supply her people with food and necessities.

Economists noted Stalin's goals for the fourth Five Year plan, to end in 1950, were lower than his 1942 goals in pig iron, steel, oil, locomotives, freight cars, paper, leather and some other phases. In short, his figures suggest he will fall short of prewar production after four more years—if figures can be trusted.

Wheat Needs 'Billion Bushel' Rains

U. S. Proposes Long-Range Curb On Reich; Rain Needed to Spur Growth of Early Spring Seeding

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

FOREIGN MINISTERS: Reich Curb

When Secretary of State Byrnes presented the U. S. plan for a 25-year control of Germany to the Paris conference of foreign ministers, he reiterated this government's determination to prevent a postwar military revival of the reich similar to that which occurred after World War I.

Definitely committing this country to active control over Germany to assure international security, the proposal would link the U. S., Britain, Russia and France in a treaty calling for complete demobilization and demilitarization of the reich; elimination of its munitions industries and arms imports, and periodic inspections to check on observance of regulations.

In proposing the 25-year treaty, which could be renewed for an additional 25 years at the date of its expiration, the U. S. took the initiative in seeking to relieve Premier Stalin's fear of a revived Germany. Because of Russia's apprehensions over future German aggression, Moscow insisted upon the formation of a friendly Polish government to act as a military buffer in the west and has worked for the economic and military integration of the Balkan states.

Byrnes' historic proposal shadowed other important developments at the foreign ministers' meeting called for speeding up conclusion of peace treaties with former axis satellites and considering the economic reconstruction of Germany and Austria.

The Big Four were quick to reach a decision on the reduction of the postwar Italian fleet and the division of the present navy among themselves and Greece and Yugoslavia. Built up into an imposing force under Mussolini, the Italian fleet will be cut to a maximum of four light cruisers, a dozen destroyers and complementary gunboats, coastal patrol craft and auxiliary vessels.

KING COTTON:

The smallest cotton crop since 1921 is indicated for the U. S. by the crop reporting board, the 9,015,000 bales of 500 pounds gross weight comparing with 12,230,000 bales in 1944 and 12,293,000 bales for the 10-year (1934-43) average. The record crop was 19,946,000 bales in 1937.

Harvested production of cottonseed, a leading oil crop, in 1945 is indicated at 3,634,000 tons, 26 per cent less than produced in 1944 and 30 per cent less than the 10-year average.

Cheats Death Twice

A diphtheria patient in a Rome, Italy, hospital, three-year-old Alfredo Marsili twice was brought back to life by skillful medicals after his heart had stopped beating. The first time he suffocated he was revived by an injection of adrenalin and glass tubes were inserted in his throat to facilitate his breathing. When a nurse dislodged the tubes while washing him, he suffocated again, but once more he was brought back to life with artificial respiration.

WEATHER: Crop Factor

With another record-breaking harvest needed to help the U. S. meet both domestic and foreign demands, the American farmer looked skyward in many sections for the sign of rain that would bring nourishment to the fields. With warm weather permitting early planting in parts of the east, south and west, precipitation was needed to get crops off to an early start.

In the east, spring weather has been erratic, with temperatures ranging from the middle 70s to near freezing. Though rainfall is approximately six inches below normal, recent showers have broken some of the dryness.

A deficiency of rainfall in western Minnesota and North and South Dakota seriously menaced wheat and small grains in those areas and appreciable precipitation before July 1 will be required for good yields. While dryness has resulted in sparse stands in northwestern Kansas, wheat is in good condition in the rest of the state.

Heavy rainfalls throughout the Rocky mountain region have relieved immediate fears of drought while growers in northern Colorado have been warned against insect and cutworm infestation due to early hatching of pests.

WAR CRIMINALS: Look for Loophole

Brought to book by the Allies' international war crimes tribunal in Tokyo, former Premier Hideki Tojo immediately challenged his indictment on 55 counts on grounds that the Potsdam declaration did not provide for the charges set forth.

As Tojo's attorney, Ichiro Kiyose declared that the Potsdam agreement did not specify political activity as war criminality and speeches by President Roosevelt and Prime Minister Churchill had limited the meaning to war atrocities. Since the principle that militaristic political activity constituted war criminality originated at the Nuremberg trials, Kiyose argued, it could not be applied to terms of the Potsdam declaration under which Japan surrendered.

Named with Tojo were 27 other top prewar leaders charged with starting the war, conspiring for world domination and atrocities against prisoners and internees. In pushing the indictments, U. S. Prosecutor Keenan declared they were based on the principle that political leaders who plotted the execution of a war shared joint responsibility with the rank and file who carried on operations.

TO SAVE FORESTS

Helicopters for Forest Fires?

MARCH FIELD, CALIF. — With March Field pilots flying the latest model army "egg-beaters," tests have been conducted in Angeles national forest with helicopters to determine their effectiveness in forest fire control. If tests are successful, the forest service may have its own fleet of rotary-wing aircraft.

The helicopters were used for experimental dropping of fire-suppressing materials from the air—a project in which skill approximating that of the wartime bombardier was turned to a peacetime purpose which might mean the saving of millions of dollars worth of national wealth.

The plan, if successful, will ultimately benefit woodsmen in Maine and Tennessee as well as in the Far West. The basic advantage of the helicopter, according to the experts here, is that it would enable the trained fire-fighter and his kit to get closer than ever to the key spot in one hop.

WASHINGTON DIGEST

Complete Trial Needed To Legally Outlaw War

By BAUKHAGE

News Analyst and Commentator.

WNU Service, 1616 Eye Street, N.W., Washington, D. C.

As the Nuremberg trials draw to a close, I continue to hear two questions repeated ad infinitum in the market places and bazaars, in the coffee houses and the courloirs (not to mention the lecture halls).

One is: Why on earth are they dragging out these trials; aren't they ever going to end?

The other is: Do you think any of these fellows (the prisoners) are going to get off?

Associate Justice Jackson knows as well as anyone else that news from Nuremberg has long since departed inconspicuously from the front page. He knows, from reading the American newspapers which reach him not too belatedly, thanks to the ALS (the army's special courier service), that his role in the Nuremberg case will never bring him a succes de scandale. He knows his presence is needed in Washington on the Supreme court bench.

"Why, then, does he tarry?"

Full Documentation Is Required

By answering that question, one can answer the other two I mentioned at the beginning of these lines.

One: Why is this thing being dragged out forever. . . ?

GRAND OLD MAN . . . Charles Evans Hughes, only living former chief justice, leaving the White House after conferring with President Truman.

Answer: Because this trial is not merely a trial of a handful of international criminals. These evil villains are only a small part of the drama, even if it is they, and not what is behind their castigation, which sometimes still produces headlines. The trial is a great process of legal documentation.

It is the recording of history, for the first time in history, of history written in blood, and ink hardly yet dry. It must be a complete record; the record of a crime which, until it is so recorded, may never be admitted as a crime in the eyes of international statesmen and lawyers.

The Allied military tribunal (operation justice, as it was known in the army) was planned, and is being conducted to its long and apparently infinite end for the purpose of blueprinting a legal precedent for holding as punishable criminals, the heads of states who plot and carry out aggressive warfare.

That is the answer to question one.

Question two: Are they ever going to convict these fellows? I answered that in part when I said that the proceedings were far more than the trials of the defendants who sit daily in the prisoners' dock of the court house at Nuremberg, or in their lonely cells near by.

And for those who fear that justice will be cheated, let me say that most of those men, if it cannot be established that they took official part in the planning and execution of an aggressive war, are probably wanted on other charges in local courts. If they go free from Nuremberg, the local courts will try them, as the "Beast of Belsen" and others were tried and convicted for their separate and private crimes.

It is possible, for instance, that the sadistic, degenerate Streicher, Jew-baiting wielder of a jewelled whip that was a symbol of his psychosis as well as an instrument of his perverse desire, will not be convicted by the IMT. He is so low that his fellow prisoners won't speak to him; so crooked that even when he was a Gauleiter, he couldn't be trusted to sign a single order of national or international significance. He finally stole so much from the Nazi party itself that he was incarcerated.

The Nuremberg trials will continue until the record is completed. Justice will not be cheated. And it is to be hoped that aggressive war, on the basis of the proceedings of this court, will become illegal. How can the United Nations hope to outlaw war unless they establish with sword, scales and woosack that war is illegal?

SENATORS URGE RULE CHANGE
WASHINGTON.—Ten senators—Democrats and Republicans—got together secretly the other day to study that most sacred of all sacred cows—senate rules. Behind their meeting was the conviction that die-hard Dixie Democrats can block any measure they oppose via the filibuster, and that the majority must rule if democracy is to function in the U. S. A.

The secret meeting took place after senators received a flood of letters both for and against the attempt by Wayne Morse, Oregon Republican, to secure passage of the anti-poll tax bill through unanimous consent of the senate. Only senators on the floor at the time Morse attempted this strategy were Morse himself and Republican William Langer of North Dakota.

Liberal Democrat Warren Magnuson of Seattle, Wash., was presiding. Had he immediately asked senators if there was objection, there would have been none and the anti-poll tax bill would have passed. Morse had identified the bill only by number, so Magnuson did not at once recognize it. But, even if he had, probably he would have hesitated to pass a controversial bill without debate.

He was rescued from this dilemma by Senator Ernest MacFarland, Arizona Democrat, who quickly came to the floor and objected.

Since then, senate mail has been strewn with letters both objecting to the Morse attempt as tricky and supporting Morse on the ground that this strategy was no more unfair than the filibuster.

Regardless of the above merits, a bipartisan group of ten senators has determined that senate rules must be changed. They seek to limit debate on any single bill to ten days, which would bring up the anti-poll tax bill, already passed by the house, before the senate recesses. They are thinking along of bringing up legislation to create a permanent FEPC—provided they succeed in winning their amendment to the senate rules.

The ten senators are: Democrats—Pepper (Fla.) Magnuson (Wash.), Guffey (Pa.), Glen Taylor (Idaho), Huffman (Ohio), Kilgore (W. Va.), and Mead (N. Y.); Republicans—Ferguson (Mich.), Knowland (Cal.) and Capper (Kan.).

FINAL PEARL HARBOR REPORT
Believe it or not, but the long-delayed reports on the Pearl Harbor investigation at last are being whipped into shape. They will not be published until around June, but here is the inside story on how the final verdict is shaping up.

The Democratic majority on the committee, led by Senator Alben Barkley of Kentucky, will absolve the two top military leaders in Washington—Gen. George Marshall and Chief of Naval Operations Adm. Harold R. Stark—of major responsibility. They will receive some minor rebukes, especially for poor co-ordination of army and navy intelligence; but nothing serious.

Democratic members of the committee also will absolve the state department of any blame and will let major blame rest where the original Roberts report contended it belonged—on the shoulders of army and navy commanders in the Hawaiian area—General Short and Admiral Kimmel.

Republican members of the committee will file a sharply worded minority report upholding Short and Kimmel and charging (1) that Short and Kimmel weren't sufficiently advised by Washington about intercepted Jap messages presaging the Pearl Harbor attack; and (2) that the two officers weren't provided with enough long-range patrol planes to spot the Jap fleet.

PATTON'S DIARY

The war's stormiest hero, Gen. George S. Patton, was the center of many a controversy before he died. But today the war department is still sitting on one of the hottest of Patton's hot potatoes—the general's secret diary.

Only a few people in the war department and the Patton family know it, but the famous general kept a careful diary all during the Normandy campaign, jotting down his frank comments about the Allies and even about his superior officers. Some of the comments just about burned up the page.

General Patton especially paid his compliments to the famous British field marshal, Montgomery, whom he criticized with almost the same bluntness as the soldier in the Sicilian hospital whom he slapped.

CHIPS FROM A GRANITE LIFE

Most people have forgotten, but it was Harlan Stone to whom the nation owes a debt for picking J. Edgar Hoover as head of the FBI. When Stone became attorney general, he swept out Burns and selected a young career man, Hoover, to take his place. No one had ever heard of Hoover before. . . . Stone was kicked upstairs from the justice department to the Supreme court by Coolidge when Stone dared move against Andrew Mellon's aluminum trust.

Designed for Coolness—Molded Fruit Salad
(See Recipes Below)

Cool Topics

If Ol' Mr. Sun is getting hotter every day and you have a problem trying to keep the family feeling cool, then feed them cool, delectable things that will take their minds off the weather. Incidentally, by feeding them cool things, you'll be keeping cool yourself if you learn how to prepare dishes that don't take heat for cookery.

First of all, select foods that will cook in a minimum of time. Secondly, do your cooking in the cool morning hours so that the kitchen is not heated at the last minute. Rely heavily upon the refrigerator and learn to use it to the fullest extent.

Serve salad plates on the hottest evenings, and don't limit the meal to one salad. You can prepare a meat salad, vegetable and fruit salad and serve each in a dainty cup of lettuce as your main course. Top this off with cake or pie prepared earlier in the day; or, if you wish precede the meal with a hot cup of bouillon that takes just a few minutes to heat.

Here is a selection of meat salad recipes from which to choose for the main part of the meal. Leftover meat is fine to use, or if desired, cold cuts may be substituted. Be sure to chill the ingredients, bowl and salad platters so that the salad will be served as cool as possible.

Ham Mousse Salad Plate (Serves 6 to 8)

- 1 cup cooked smoked ham
- 1/2 cup diced celery
- 1/2 cup diced dill pickle
- 1 cup minced pimiento
- 1/2 cup sliced, stuffed olives
- 1 1/2 tablespoons gelatin
- 1/4 cup cold water
- 2 cups stock or bouillon
- 1/2 cup mayonnaise

Dice leftover ham fine and combine with celery, olive, pickle and pimiento. Soak gelatin 5 minutes in cold water. Heat stock. Add gelatin mixture, and stir until dissolved. When mixture begins to congeal, add mayonnaise and meat mixture. Pour into an 8-inch ring mold or loaf pan and chill until firm. Slice and serve.

Jellied Meat Ring. (Serves 10)

- 1 1/2 pounds small bologna, cut 1/4 inch thick
- 1 package aspic-flavored gelatin
- 1 cup hot water
- 1 cup tomato juice
- 1 teaspoon salt
- 1/2 teaspoon sugar
- 1 tablespoon onion juice
- 1/2 cup grated cabbage
- 2 tablespoons pimiento and celery
- 1/4 cup diced celery
- 1/2 cup grated carrots
- 2 tablespoons chopped green pepper
- Mayonnaise

LYNN SAYS

Keep Them Tasty: Every home-maker who wants to be known for her salads will plan to keep plenty of salad ingredients on hand. These include canned fruits and vegetables; canned meats such as chicken, pork and ham loaf, flaked fish, shrimp, salmon, crabmeat, lobster and tuna. An assortment of cheese is excellent, as are bottled salad dressings.

Many green salads and dressings gain distinction with the addition of some herbs. Chervil, thyme, basil and tarragon are fine for a beginning. Use rosemary, balm, etc., in fruit salads.

If individual molds are not obtainable for the individual salads, use muffin pans.

LYNN CHAMBERS' MENUS

Dissolve gelatin in cold water. Add tomato juice, salt, sugar and onion juice. Cover the bottom of an 8-inch ring mold with a portion of the gelatin mixture. Chill in the refrigerator until it begins to congeal. Arrange slices of bologna on the gelatin so they overlap slightly. When remainder of the gelatin begins to congeal, mix in vegetables and pour over bologna. Chill until firm. Unmold on large chop plate. Arrange remaining bologna in fan-shaped slices around the salad. Fill center with mayonnaise or cottage cheese and garnish with carrot strips and celery curls.

Swiss Salad. (Serves 4 to 6)

- 2 cups cubed pork or lamb roast
- 1 cup cooked peas
- 1/2 cup walnut meats, broken
- 2 hard-cooked eggs
- 6 stuffed olives
- Lettuce
- French dressing
- Mayonnaise
- Paprika

Marinate meat and peas in french dressing and chill. Add nuts and arrange on lettuce leaves. Sprinkle with paprika and dot with mayonnaise. Cut the eggs into slices and remove the yolks. Arrange the white rings around the plate of salad. Cut the olives into pieces and place a ring of olives inside each ring of white. Press the yolks of eggs through a sieve and sprinkle over salad.

With meat salad, you'll want a jellied vegetable salad or a seasoned cottage cheese. Here is a good salad served with sour cream dressing:

Perfection Salad (Serves 8)

- 1 package lemon-flavored gelatin
- 1 cup hot water
- 2 tablespoons grated onion
- 1/2 cup finely diced celery
- 1 cup finely shredded cabbage
- 1 cup shredded carrots
- 1/2 cup sliced, stuffed olives
- 3 tablespoons lemon juice
- 1 tablespoon sugar
- 1/2 teaspoon salt
- 1/2 cup liquor from olives

Dissolve lemon gelatin in the hot water. Add olive liquor and cool. Add all other ingredients and pack in mold. Serve on a bed of soured cream dressing.

A lovely salad for dessert or for the bridge group is this one made of pears and grapes:

Fresh Pear and Grape Salad. (Serves 6)

- 1/4 cup cold water
- 1/4 cup sugar
- 1/2 teaspoon salt
- 1/4 cup orange juice
- 1/4 cup lemon juice
- 1 cup gingerale
- 1 cup halved, seeded red grapes
- 1 cup diced fresh pears

Soften gelatin in cold water. Dissolve over hot water. Mix together sugar, salt, fruit juices and gingerale. Add dissolved gelatin to this mixture, stirring thoroughly. Cool. When mixture starts to thicken, add fruit. Pour into one large mold or into individual molds that have been rinsed out with cold water. Chill until firm. To serve, unmold on salad greens and serve with desired dressing.

WHEN Jackie Coogan was five he skyrocketed to fame in "The Kid." He was making his second picture, "Peck's Bad Boy," when the car taking him to the studio crashed; he was taken to the hospital with a fractured skull, and he's been totally deaf in one ear ever since, a fact he's just revealed. He faked his way into the army, made an en-

viable record as a second lieutenant in the army air force. Now 31, he's been discharged, and is on the air with his own radio show, "Forever Ernest," on CBS Monday nights. He broadcasts from Hollywood, and is all set to return to pictures—has a new film scheduled to start in June. Pretty good for that wistful infant, "The Kid"!

David Rose, 20th Century-Fox musical director, never goes to bed before 5 a. m. — can't compose in daylight. Yet he thinks a good musical piece can be dreamed up on a street corner or a bus! That new composition of his, "Gav Spirits," which you heard on his Wednesday night radio program, is the result, he says, of playing his popular "Holiday for Strings" backward.

Doreen Taylor, who for the past four years has done the singing for many a famous non-singing movie queen, at last sings in her own right on the screen in RKO's "From This Day Forward." They finally tested her and discovered that she's very photogenic.

For Universal's "So Goes My Love," Myrna Loy had to get used to moving about in the burdensome costumes of 1870, but she says it needed no adjustment to play the young woman who planned to marry a rich man, won Hiram Maxim, the famous inventor, piloted his career and raised their children. For, says she, girls employ those same stratagems today.

"Exactly four years ago," said Gregory Peck on his recent birthday, "I spent my birthday washing dishes in a New York restaurant." Now he's on top; David O. Selznick has signed a new contract with him, will star him in "Benedict Arnold." It will go into production late this year, will be done in technicolor, and on the same scale as "Gone with the Wind" and "Duel in the Sun."

The story of radio since its inception will be the basis for a two and one-half million dollar film tentatively titled "Magic in the Air." Jerrold T. Brandt, who produced the "Scattergood Baines" series before he entered the service, and made 150 training films while in the navy, will produce the film, bringing to the screen the top personalities of radio since the days of crystal sets.

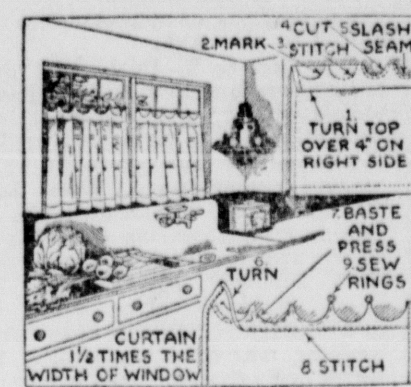

Anne Francis, 15, who plays "Kathy Cameron" on NBC's "When a Girl Marries," has been signed to a seven-year contract by MGM. Anne made her radio debut in 1938 on the children's program, "Coast to Coast on a Bus," and has been acting ever since.

When Mutual comes on the air with its four separate broadcasts of the Indianapolis Speedway race on Decoration Day, a record number of nine announcers will be on hand at various positions around the track. Bill Slater and Ford Pearson among them.

When Fred Waring and his Pennsylvanians take over the Fibber McGee and Molly time on NBC for the summer, starting June 18, Fred will probably be setting a record; with his five morning programs, he'll be doing six half-hour shows a week on a network.

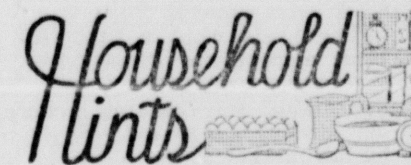

ODDS AND ENDS—In "Suddenly It's Spring" Fred MacMurray had to take six falls—and said: "This picture's misnamed; it should be 'Suddenly It's Fall.'" . . . Boris Karloff plays a dramatic role in a comedy for the first time in the Danny Kaye picture, "The Secret Life of Walter Mitty." . . . A fan who asked Perry Como for his script after a recent "Supper Club" broadcast was told he'd need it for the repeat for the West Coast, but she could have the script if she wanted to wait; to his astonishment there she was, four hours later. . . . Paul Lavalle has been given three dachshund pups, named Back, Bee-thoven and Brahms.

BUSS-WIEMERS

The New Fountain M. E. Church was the scene of a very beautiful and impressive wedding on Sunday afternoon of April 28th, 1946, when Miss Minnie Wiemers, a lovable daughter of Mr. and Mrs. Geo. H. Wiemers of this community, and Mr. Chas. E. Buss of San Antonio were united in marriage.

The Rev. E. W. Dechert, a former pastor here and now at Port Lavaca, officiated. The ceremony began promptly at 4 p. m. with Miss Lillie Muennink of San Antonio at the piano accompanying Miss Luella Sommers, also of San Antonio, who sang in a most stirring fashion words of her own rendition to "Oh Promise Me," followed by another, "The Lord's Prayer," after which Miss Lillie softly struck the keys for the wedding march to begin. Miss Ruth Hardt of Austin, the bridesmaid, was first to enter, followed by the little flower girls, the Misses Evelyn Wiemers and Rita Jane Ulbrich, strewing rose petals in the path of the bride, who was accompanied by her father, who gave her away in marriage. At the same time, the bridegroom, with the best man, Mr. Marvin Wiemers, entered from a side entrance, met his bride at the altar, which was banked with fern and Madonna Lilies sprinkled with daisies and snaps.

The Rev. Dechert then administered the marriage vows in the double ring ceremony.

The bride wore a beautiful pale blue marquisette dress with white accessories and a lovely pale lavender orchid corsage and included in her jewelry was an old gold pin worn by her mother at her marriage in the same church 41 years ago.

The bridegroom was attired in a navy blue serge suit.

After the ceremony a barbecue dinner was enjoyed at the home of the bride's parents by some sixty to seventy guests from various places who also showered the couple with beautiful and useful gifts. Then at 7 p. m. all gathered in the yard and sang "God be With You," followed by benediction by Rev. W. B. Wheeler, pastor of the church, and the happy pair were on their way for a brief honeymoon. They are now residing in their own home at 216 Fairview Ave., San Antonio, where Mr. Buss is employed in the service department of the Jordan Motors Company.

SAATHOFF-WEBER

In a double-ring ceremony Sunday at 5 p. m. in St. Paul's Lutheran Church, Miss Lindabel Saathoff, daughter of Mr. and Mrs. J. J. Saathoff, became the bride of William Richard Weber, son of Mr. and Mrs. W. B. Weber. The Rev. M. J. Lorring officiated.

Miss Rubydell Weber, sister of the groom, lighted the candles.

Miss Dell Scott played the nuptial music and accompanied the soloist, Vernon C. Roediger, who sang "Because," and "I Love You Truly" before the ceremony.

Mr. Nick Riff served as the best man.

Miss Roselyn Weber, maid of honor, wore a floor length dress of blue net over taffeta, and she carried pink carnations.

The bride, who was given in marriage by her father, wore a beautiful gown of white crepe made with a sweetheart neckline and a fitted bodice of pin tucks. The softly pleated skirt, styled with a bustle, fell into a short train. Her finger tip length veil was caught to a tiara of seed pearls. She carried a lovely bouquet of white gladioli.

Immediately following the ceremony a reception was held at the home of the bride's parents and a supper of barbecue, salads, and cake was served. After the bride and groom cut the first slice, Miss Betty Bader served the beautiful wedding cake which was iced in white and decorated with a miniature bride and groom.

Later in the evening the young couple left on a wedding trip to Carlsbad, New Mexico. The bride's suit was of light blue wool and with it she wore a blue hat and gloves and black patent shoes and bag. Her corsage was of white gladioli. After their return Mr. and Mrs. Weber will make their home in San Antonio where the groom, who recently received his honorable discharge from the Army after serving 2½ years, 17 months of which was spent overseas, is employed at Randolph Field.

D'HANIS NEWS

Mr. Arnold Zerr and daughter, Mrs. Alice, and Martina Nester were guests at the D'Hanis girls in a program that afternoon. They are pupils of St. Anthony's school, and are being congratulated for winning second place on the radio.

Guests of Mr. and Mrs. H. J. Franger last Sunday were Mr. and Mrs. Franger of Runge, and Mr. and Mrs. Martin Franger of San Antonio.

Mr. and Mrs. W. E. Albrecht and daughter, Mary Lou, and Mr. August Franger, returned home last Sunday from Marfa.

Miss Evelyn Lutz of San Antonio, a guest of relatives here Saturday and Sunday.

The following drove to Hallettsville Tuesday and were present at the Koch-Drupela wedding and reception: Mr. Jos. Koch, Mr. and Mrs. A. Zinsmeyer, Mr. and Mrs. Ed Koch, Mrs. Oscar Rothe, Mr. and Mrs. M. Zinsmeyer, Miss Corne Koch, Misses Emily and Ellen Zinsmeyer, and Herb Zinsmeyer.

Mr. and Mrs. Thomas Finger of San Antonio were guests of relatives here Sunday.

Harvey Pete Saathoff has been summoned to report for military duty at Dodd Field May 8. Enlisting in the Air Corps several weeks ago, Harvey failed his physical examination, but passed the one required for cadets. He is the youngest son of Mr. and Mrs. P. F. Saathoff.

Koch-Drupela Nuptials at Hallettsville

A lovely wedding was solemnized at Sacred Heart Catholic Church in Hallettsville at 8:30 Tuesday morning, May 7, 1946, when Mrs. Martha Drupela of that city became the bride of Hilmar J. Koch of Hallettsville. Rev. A. J. Morskovsky performed the ceremony and read the mass which followed. A choir of children sang for the Mass and Benediction.

The church was beautifully decorated with profusions of Easter lilies and fern.

The bride wore a two-piece suit of pale gold wool with a brown blouse and brown accessories. Her shoulder corsage was of twin orchids, and she carried a silver rosary given her by the bridegroom. Her only attendant was her sister, Miss Lillian Drupela, whose two-piece suit was of apple green wool; with this she wore a matching hat, other accessories of white, and a corsage of carnations.

Lawrence Rothe of D'Hanis, cousin of the bridegroom, was best man. Following the ceremony there was reception in the home of the bride's mother, Mrs. Magdalena Drupela, at which the immediate families and a few other friends were present.

Mr. and Mrs. Koch left for a brief honeymoon trip, going to Corpus Christi, and continuing from there through the Rio Grande Valley. They will make their home at D'Hanis, where he is engaged in poultry farming.

The bride is a descendant of pioneer families of Lavaca County. A graduate of Sacred Heart High School of Hallettsville, she also attended school in Houston. Prior to her marriage she owned and operated a beauty shop in her home town. She has made many friends on the occasion of several visits to D'Hanis, where she will be a welcome addition to the crowd of young married people.

The bridegroom is the only son of Mr. Jos. Koch and the late Emilia Rothe Koch, and is well-known throughout Medina County for his work as a surveyor. He is a graduate of St. Anthony's High School and an ex-student of St. Edward's College in Austin. During World War II he was with the U. S. Army Engineers for four years, 25 months of which were spent in the CBI Theatre. He was honorably discharged as a T-Sgt. in October, 1945.

Crawford-Saathoff

Miss Dorothy Nell Saathoff, daughter of Mr. and Mrs. P. F. Saathoff of D'Hanis, was quietly married to Warren H. Crawford of Pearland on April 30 at the parsonage of Rev. Arthur Rector.

Her attendant was Billye Love of San Antonio, and the best man was Harvey Pete Saathoff.

Brother Rector is the same minister who baptized the bride's mother in infancy and also married her parents years ago.

The bride is a graduate of D'Hanis High School. She attended a business school in San Antonio, and has since been employed in office work.

Card of Thanks

In behalf of the family of Jack Adam Smith, who died in Medina Hospital at the age of 12 on May 1, 1946, after a brief illness, we wish to thank all those who charitably aided in assisting the boy's father, Fred A. Smith, and his little brother at this time. We wish to mention especially Rev. J. J. Gerbermann, the county officers who gave their aid, the nurses, and the many neighbors and school children who brought flowers.

Mr. and Mrs. Hy. L. Weynand

May 15

Jack Finger and Billy Rothe have come home for at least two weeks pending the decision of San Antonio health authorities to re-open schools in that city. The young men have completed their sophomore and freshman work, respectively, at St. Mary's University.

Mr. and Mrs. Henry Weynand and

daughter, Mabel, left Tuesday for San Antonio where the latter entered a hospital for surgical treatment.

Sister Mary Margaret of Santa Rosa Hospital, San Antonio, spent Mother's Day in the home of her mother, Mrs. Emma Rothe, and returned to the city Monday.

Mr. and Mrs. R. F. Wolff and family attended a recital given at Our Lady of the Lake last Friday evening. Their daughter, Adaline, was among the pianists and other music pupils presented by the high school department. She returned home with her parents for the week end.

Mr. and Mrs. James C. Finger and Mr. Clemens Finger left last week for Chicago, Ill., where Mr. James Finger is under medical treatment.

Mr. and Mrs. Martin Knippa and children of San Antonio visited in the home of Mr. and Mrs. Louis Carle Sr. on Mother's Day.

Mr. A. C. Boog has been informed that his daughter, Carmen, of San Antonio, won first place in the State musical contest when she sang a solo at the meet in Waco. Miss Boog, a student at Jefferson High School, is a talented soprano.

Bridge Club

Miss Cornelia Koch was hostess to three tables of bridge at her home on Thursday evening. Prizes for high score and second high were awarded to Mrs. Herman Fohn and Mrs. Howard Rothe respectively. Other players included Messdames Martin Ney, Walter Burrell, Lawrence Carle, Tony Taylor, Robert Zuberbuehler, and Arnold Finger and Misses Grace Zinsmeyer, Ursie Lee Rock, and Ethel Rothe. The hostess served delicious cake and ice cream.

Miss Sarah Koch Feted

Among the pre-nuptial events of this season was a lovely tea and miscellaneous shower complimenting Miss Sarah Koch, who will be married to Marcus Flusche of Denison, May 29. The shower was given in the home of Mrs. A. J. Finger on Saturday afternoon, May 11, between the hours of 4 and 7.

In the receiving line with Mrs. Finger were the honoree and her mother, Mrs. Ben Koch. Miss Koch was in a formal afternoon gown of black lace; her corsage of deep pink sweet peas and fern was fastened at the belt, and she wore gold sandals and a choker and bracelet of gold. Mrs. Koch's black sheer was adorned with a shoulder corsage of lavender sweet peas. Mrs. Finger wore printed pink crepe and a corsage of fuchsia sweet peas.

Red carnations were used for decorations in the living room. Greeting the guests were Mrs. William Finger, grandmother of the bride-elect, and Mrs. Finger's sister, Mrs. L. E. Heath, who was a hostess. The former wore black crepe with a corsage of orchid sweet peas. Mrs. Heath was in pink crepe, and her corsage was of mixed colors of the same flower.

Miss Bertha Koch, sister of the honoree, registered the guests at a table adorned with a potted hydrangea. Her formal gown was of light blue net and her corsage was of pink sweet peas.

Extending courtesies in the gift rooms were Mrs. Lester Zerr, Mrs. Arnold Zerr, Mrs. Thomas Koch, and Mrs. Joe Fillingier. A variety of spring fillings were the adornment there.

White flowers were used in the dining room, where gladioli arranged in a long crystal bowl stood on a reflector to center the tea table, which was covered with a cut-work cloth.

White tapers in crystal holders were on each side of the centerpiece. An unusual arrangement of Easter lilies and tapers decked the mantelpiece, while a bowl of flowers on the buffet was flanked by white and gold figurines.

Alternating in serving the fruit punch and cake were Mrs. Howard Rothe, Misses Marnell Jackson, Mary Anne Finger, and Louise Koch. With her green crepe gown, Mrs. Rothe wore coral sweet peas. Miss Jackson in white net, Miss Finger in blue net with black jersey bodice, and Miss Koch in black and white, all wore similar corsages of red carnations. Salted nuts completed the tea dainties. Mrs. Eric Rothe and Mrs. Amos Finger assisted in the dining room.

Other hostesses were Messdames Henry Rohrbach, Merlin Nester, Alfred Rohrbach, Harold Nester, Henry Langfeld, M. M. Koch, and H. W. Franger, and Misses Madeline Nester and Geneva Turner.

There were more than 100 guests.

LEGIONNAIRES WIN AGAIN

The Hondo Legionnaires won from Crystal City Pirates Sunday afternoon by a score of 2 to 1, in one of the best played games seen here this season.

The game was called at the end of the 7th inning on account of rain. J. Sandoval pitched the entire game for Hondo, striking out 6 batters and allowing only 6 hits.

The Legionnaires will tangle with the A. C. M. team from San Antonio here Sunday afternoon.

Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

Refilling the well

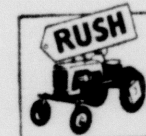

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

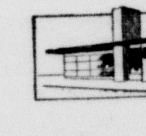

No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

RULES AND REGULATIONS FOR FAT STOCK SHOW

The following are the rules and regulations adopted by the Executive Committee for the next Fat Stock Show to be held at Hondo:

EXHIBITORS ARE REQUESTED TO FAMILIARIZE THEMSELVES WITH ALL THE GENERAL RULES AND REGULATIONS OF THE SHOW AND OTHER RULES IN THE CLASSES AND DEPARTMENTS APPLICABLE TO THEIR EXHIBITS.

Rule 1. This Show reserves to its General Manager and Executive Committee the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with, the show and the right to amend or add to these rules as its judgment may determine.

Rule 2. All exhibits will be under the control and direction of the General Manager, but the General Manager of the Executive Committee will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by or arising from any animal or article exhibited by him and for its description as given in the catalogue. He shall indemnify differences in regard thereto, or otherwise arising out of, or connected with, the show against all legal or other proceedings in regard thereto, as well as damage or injury to any other person or property caused by the exhibitor or any of the animals exhibited by him, or arising out of, or in any way connected with such exhibition or any of the animals so exhibited. Therefore all animals exhibited must be broke to halter or gentle enough to be handled in and out of ring and in show in general without delay or danger to others.

Rule 3. These regulations shall be subject to Amendment or Change by the Executive Committee at any time prior to the opening of the show.

Rule 4. All applications for entries must be made on entry forms which may be obtained by addressing the Show at Hondo, Texas. These forms must be filled out and signed by the exhibitor and the county agent or vocational Agriculture Teacher and filed in the office of the Secretary of the show on or before the date herein specified for the closing of entries.

Rule 5. Entries must be in the hands of the Secretary, Allen Webster, Hondo, Texas, and postmarked not later than midnight of the 20th of January, 1947.

Rule 6. Those wishing to exhibit in the Fat Stock show, must have the Extension Agent or Teacher of Vocational Agriculture under whose supervision of the animal was fed, certify on the entry blank, that the animal entered was fed and conditioned b. the boy in accordance with the rules.

Rule 7. Each exhibitor must hand in a complete record of his entry as required for him by the Vocational Agriculture Teacher or County Agents.

Rule 8. The sale of animals will be left entirely to the exhibitors. The auctioning will be volunteer, but the exhibitor must give notice of his intentions on the above before 6 o'clock on afternoon of 27th. An exhibitor can sell only 3 calves at the show auction.

Rule 9. Sifting Committee, appointed by the Executive Committee, will pass on all animals entered in the Medina County Fat Stock Show and half fat animals will be refused the privilege of competing for prizes and will be removed from the Show grounds, as it is intended that only animals that are creditable from stand points of type, quality and finish, shall be entered and shown.

Rule 10. All entries must be in their stalls by 6:00 p. m. January 26, 1947.

Rule 11. All exhibitors must furnish all feed for their animals.

Rule 12. The single judge system will be the policy of this show.

Rule 13. The decision of the judge will be final in all cases.

Rule 14. All cash premiums will be paid by bank check.

Rule 15. All entries will be weighed at a place designated by the Executive Committee.

Rule 16. Entries will be limited to Medina County Born Animals, but if a ranch is on the county line, it extends into the next County, the animal may be shown.

Rule 17. All calves must have been born after September 1, 1945.

Rule 18. Swine may be either purebred, cross bred or grade.

Rule 19. Sheep may be either pure bred, cross bred or grade.

Rule 20. Fat Angora Mutton Goats will be shown if two years old or over.

Rule 21. The division between light and heavy classes of all livestock shall be determined by weight with equal numbers to be placed in each class.

Rule 22. The exhibitors must own their own animals at the beginning of, and throughout the feeding period, and must feed, care for the exhibit animals entered without any aid, or assistance during the entire feeding period. The feeding and fitting period shall begin not later than August 1, 1946 for Baby Beeves. Not later than November 1, 1946 for Swine, sheep and goats.

Rule 23. All protests must be in writing and a deposit of \$25.00, which will be refunded if protest is sustained. Such protest must state plainly the cause of the complaint, or appeal, and must be delivered to the Secretary of the Show immediately after the occasion for such protest.

Rule 24. No auction, stall or bedding fee to be charged to any club exhibitor.

Rule 25. Limiting calves to show.

Each contestant is entitled to enter only two calves in the single classes of this show (one calf may be shown in each class or both calves in one class).

FAT CALF DIVISION
Milk Fed Class
Conditions

1. The calves may be purebred, grade or cross bred but only steer over 300 lbs. Gilts may be entered.
2. Contestants may use single entries in groups of three classes.

Dry Lot Class

1. The calves may be purebred, grade or crossbred, but only steer calves may be entered.
2. Any calf which has been fed on a nurse cow or received milk from any other source after October 1, 1946, is not eligible for this class.
3. Contestants may use single entries in groups of three classes.

SWINE DIVISION
Conditions

1. Each contestant is entitled to enter only two pigs in any single class of the show. (One pig may be shown in each class or both pigs in one class.) Each animal exhibited must have been farrowed on or after March 1, 1945 and must weigh more than 180 lbs., and not over 300 lbs. at time of show. Barrows or open gilts may be entered, and may be either registered, crossbred or pure bred.
2. Pigs may be shown in a single class and shown with the litter.
3. Each contestant is entitled to enter only one litter, the litter must consist of five or more pigs.

FAT LAMB DIVISION
Conditions

1. Each contestant is entitled to enter only two lambs in the single class of the show. Wethers only may be shown in single class, any animal having shed its lamb teeth not eligible to show in any class.
2. Single entries may be shown with groups of three lambs fed by one boy or girl. Ewe lambs may be shown with groups of three.
3. Any breeds of sheep will be shown.

FAT ANGORA GOAT DIVISION
Conditions
CLASS 1

Only mutton goats two years old or more are eligible. Fleece does not count in judging, but goats must be exhibited full of fleece.

Three goats may be entered in this class by one boy.

The above Rules and Regulations for the 1947 Fat Stock Show will no doubt be printed in the next catalogue. They are printed here, however, so that any one desiring to enter exhibits may have an advance copy for their rule and guidance.

JUDGE BEAUCHAMP

Judge Tom L. Beauchamp is a candidate for his second election term as Judge of the Court of Criminal Appeals. His friend, Lon Boynton, of Paris, Texas, says of him:

"Important to us as newspaper men, and the people of Texas as a whole, is the courageous stand that Judge Beauchamp took for 'freedom of the press' as contained in his dissenting opinion in the well known case involving Corpus Christi newspaper men and in contempt of court. (See Ex parte Craig, 193 S. W. (2) 178.) In writing his opinion Judge Beauchamp not only defended the constitutional rights of newspapers, but was a stinging rebuke to those who would throttle the right of free speech. We not only protect our own interests, but render a distinct service to our State when we keep men of this character on our higher courts."

D'HANIS WILL OBSERVE SPECIAL RITES JUNE 9

Father Martin Nester Enderle, Descendant of Original Colonist Will Say Mass

The fifth generation returns to the homeplace June 9 at D'Hanis when Fr. Martin Nester Enderle, great-great grandson of Martin Nester, one of the original land-grant colonists in Medina County, says mass in commemoration of Statehood Day in that Community. Martin Nester and his wife, Anna Raba, landed at Galveston 101 years ago seeking religious freedom. Following the baptism of their daughter, born on the boat enroute to America, they set out to colonize Texas and chose D'Hanis as their home.

Endeles Arrive

Two months later, Fidele and Johana Baumgarten Enderle arrived at the same port and joined the Nesters in Medina County.

While the colonists were settling the region west of Hondo along Seco Creek and at old D'Hanis a mile east of the present location, Mexico was agitating for the region between the Nueces River and the Rio Grande.

Diplomatic relations were broken by the Mexican government in 1846 with first clash following on May 8 at Palo Alto, near Brownsville. Another battle followed at Resaca de la Palma. Then the Mexicans withdrew from Texas soil and no more engagements were fought north of the Rio Grande.

Fall of '47

American forces under Generals Winfield Scott and Zachary Taylor made Swift progress and Mexico City fell in the fall of 1847. By the resulting treaty of Guadalupe Hidalgo, Mexico relinquished her claim to the land north of the Rio grande and to that part of the U. S. lying west of Texas and the Louisiana Purchase in exchange for \$15,000,000.

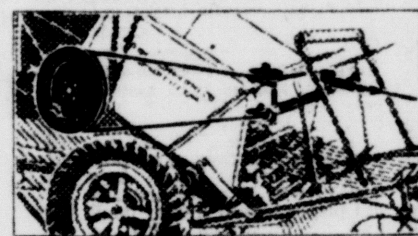

Meanwhile, the colonists under the leadership of Nester and Enderle made steady progress both in friendship with the Comanche Indians and in the opening up of the Southwest by routing a railroad through the areas. Nester, a devout Catholic frequently led his neighbors in prayer and sermons at their meetings.

On June 9, Father Enderle will review the work of his great-great-grandfather. A feature of the day's celebration is the pilgrimage to Cross Hill—a mound adorned by the original cross placed there by Nester. A basket dinner will follow the 7 A. M. mass.

A newly ordained priest, Father Enderle will graduate from St. Mary's Seminary, La Porte, on May 30.—San Antonio Express.

DEATHS

Funeral Today for Mrs. Clark

Mrs. Mary E. Clark, who had made her home in Hondo for many years with her daughter, Mrs. R. W. Speece, passed away May 15, 1946, at 8:55 A. M. in Medina Hospital, following a stroke suffered the day before. She was a native of Kansas, born Sept. 6, 1866, and was 79 years, 8 months and 9 days of age at the time of her death. Funeral services are being held today (Friday) at 4 P. M. from Horgor Funeral Home with Rev. H. Ellis Thomas of First Methodist Church officiating. Interment will be made in Oakwood Cemetery.

Baby Dies

Baby Helmke of 443 Halliday Ave., San Antonio, passed away Monday, May 13th 1946, in a local hospital. Funeral services were held at 4 p. m. Tuesday with Rev. Jack Sutherland of Central Baptist Church officiating and interment was made in Roselawn Burial Park. Survivors are the parents, Mr. and Mrs. A. W. Helmke; grandparents, Mr. and Mrs. F. W. Helmke and Mr. and Mrs. Cliff Ramchissel, and great-grandfather, Mrs. J. F. Brown, all of San Antonio, and a great-grandfather, Mr. Fritz Helmke of Hondo.

Loose Brother

Forrest W. (Bob) Ford of 119 Heimann St., San Antonio, passed away Sunday, May 12, 1946, in his 7th year. Services were held Wednesday at 10 a. m. in the chapel of the Alamo Funeral Home in that city and interment was made in Fort Sam Houston National Cemetery with military honors. Survivors include his father, R. B. Ford of Amarillo, Tex.; mother, Mrs. Keith Swain of San Antonio; sisters, Mrs. Richard Gott of Hondo, Mrs. C. H. Scrimphor of Houston; brothers, Roy Ford and Dan Lockwood of San Antonio.

Youth Buried at D'Hanis

Funeral services were held May 2, 1946, for Jack Adam Smith, 12, at Holy Cross Church in D'Hanis and interment made at D'Hanis, with Rev. J. J. Gerbermann officiating. The youth, son of Fred A. Smith, a painter who had made his home in D'Hanis for the past few months, had been sick for a week when he was brought to Medina Hospital where he died on May 1st of acute rheumatic fever. He was born Dec. 17, 1933, at Patterson, La. He is survived by his father and a younger brother, and his friends, Mr. and Mrs. Henry L. Weynand, who befriended the two children during their short residence in D'Hanis. Funeral arrangements were by Horgor Funeral Home.

Last Rites for Emil Barth

Funeral services were held from Horgor Funeral Home at 4 P. M. last Thursday, May 9th, for Emil George Barth, who died suddenly of a heart attack on May 8, 1946, while on a fishing trip at Medina Lake. Rev. W. B. Wheeler of New Fountain Methodist Church conducted the last rites and interment was made in New Fountain Cemetery. Mr. Barth was a son of Mrs. Fannie Gerdes Barth and the late August Barth of Hondo. He was born May 10, 1889, in Medina County, and would have been 57 years of age on May 10th. He had been farming on the Alvin Britsch place for the past ten years. Survivors include his wife and a young son; an older son, Melvin Barth, by a former marriage; his aged mother, and one brother, Theo. Barth of Brackettville.

Houston Man Buried at Yancey

Joseph Newton Barnes, aged 55 years 7 months and 10 days, died May 7, 1946, in Houston, Texas. His body was brought to Horgor Funeral Home in Hondo where services were conducted at 10 A. M., May 10, followed by interment in the old Ahuacana Cemetery near Yancey. Last rites were conducted by Rev. M. Jordan of the Yancey Methodist Church, assisted by Rev. Louis Barth, an old friend of the family. Mr. Barnes was born Oct. 27, 1890, at McComb, Miss. He is survived by a wife, the former Nettie Wilson of Yancey, one son and one daughter, all of Houston. Pallbearers at the funeral were Samuel Darby, Homer Wilson, Will Hatfield, Otho Hatfield, Henry Barnes Jr. and Cal Hart.

MAILING RESTRICTIONS NOW PLACED ON PARCELS

On May 9, 1946 the Postmaster General issued the following order on all post offices in the United States:

"Effective at midnight, May 9th, 1946, and until further notice, parcels covered by the limitations will not be accepted for mailing if they weigh more than 11 pounds or if their combined length and girth exceeds 60 inches.

Four classes of parcel post are exempted from the limitations. These are, live day old poultry, fish, plants and other nursery stock, eggs, butter and other perishable food products, medicines, drugs, surgical instruments and surgical dressings.

This order is in keeping with the restrictions imposed on the railroads of the United States due to the coal strike.

The public is urged not to mail parcel post during this emergency unless absolutely necessary. Parcel post service will be resumed at the earliest moment."

We visited the farm of a friend Sunday. The house is a rock structure, with walls of massive structure—a relic of pioneer days. But inside those ancient walls we read by electric lights, listened to music over the radio, drew water from a faucet furnished by an electric compression pump and ate food from an electric refrigerator—all contributions to life's comforts from the Rural Electrification service. No wonder the R. E. A. is so tremendously popular with its users. To the pioneer who first builded the thoughts of such possibilities would have seemed a fantastic dream! What miracles this marvelous age has wrought!

Mothers Day—that day when every man or woman who has or had a good mother lifts his heart in grateful thankfulness to the Giver of All Good Gifts for her blessing—was beautifully observed at the morning services Sunday in all the local churches. The attendance was large at every one and the services inspiring and uplifting. It would be a great pleasure to give a summary of the services and the uplifting messages brought by the minister at each one, but obviously that is beyond our facilities, and to single out one to the exclusion of another would be a worse grievance.

Mr. Joe Cockrell of Austin spent the weekend here with Mrs. Cockrell and their two children, who are guests of Mrs. Cockrell's parents, Mr. and Mrs. Theo. Cameron. They preceded Mr. Cockrell here from St. Louis, Mo., several weeks ago and are awaiting the location of a home in Austin before joining him there. He was recently transferred from St. Louis to Austin, their former home.

We have been informed that for the past several years the mail boxes along the routes out from Hondo have been used as targets by bullet shooters, probably pistol toters. Occasionally a shot gun has been used. W. G. Poehler, from Route 1, was in town the first part of the week taking out a new mail box to replace the one torn up by a twelve gauge shot gun Thursday night or last week.

Miss Mary Ann Noonan is visiting her parents, Judge and Mrs. R. J. Noonan, after arriving about ten days ago from Washington, D. C., to take part in the pre-nuptial courtesies extended her cousin, Lucy Gold Lytle, who is now Mrs. John Francis Killea, and to serve as maid of honor in her wedding held in San Antonio last Saturday evening. Miss Noonan plans to return to Washington the end of the month.

Lawrence C. Haby, S. K. 3-c, arrived home on Mother's Day, May 12, after having received his honorable discharge the day before at Camp Wallace, Texas. He served 32 months in the U. S. Navy, 11 months of that time overseas duty on Okinawa. Lawrence is the son of Mr. and Mrs. Elmer Haby of Dunlay.

Mr. and Mrs. Edward "Curley" Mechler from the Gross Ranch were business visitors in Hondo Tuesday.

The Truth About That Explosion

For weeks Homer Bentley has tried to uproot that big stump in his hayfield ... with team and tractor. Finally he succeeds—breaks a score of windows round about, and frightens the neighbors half to death!

"All I used," apologizes Homer, "was a couple of small sticks of dynamite, like you should."

"That was no two small sticks of dynamite," Judge Cunningham says severely—and it finally comes out that Homer got so cussed mad at that everlasting stump, he'd plant-

THE LOW DOWN FROM HICKORY GROVE

You know, you go to a circus and you get took in for 5 bucks, you go on home—and you will survive. You can even be plucked quite complete and thorough and still get home, by borrowing a barrel.

But the "taking-in" the country has had for a dozen or so years by the boys runnin' the big Govt. show there in old Bazoo Town, it is not gonna be laughed off so easy. Who will come out most threadbare won't be who it was that lots of folks thought. The talk down there was to take the big outfits to the cleaners, and that is nearly what happened. But you make it tough sleddin' for somebody who runs a factory or gasoline refinery and he has to close down—somebody will lose a job—a stockholder will have no income—the tax collector looks elsewhere for taxes. He sees you. And sisters and brothers, if you are a barber or an optometrist, or flag-pole painter or housewife, you are it.

If you lose a 5 spot or a 10 spot at the circus, it is chicken feed when you compare it to what we been gettin' from the boys in Govt. who have been saying we can have a no-sweat Utopia at the other guy's expense we are maybe not even going to have a barrel for raiment, to amble home in.

Yours with the low down,
JOE SERRA

GROWING SOME FINE BERRIES

Mr. August Spratt was a caller at the printshop Saturday afternoon. Mr. Spratt was "born a farmer," and was a successful one at that. Some years ago he moved to town, however, where he has engaged mostly in carpentering and general housebuilding. But the gift to grow things still lingers in his fingers, and he brought us a sample of as large and delicious dewberries as ever tickled the taste of anyone. The berries are of the Boysen variety, said to be some horticulturists cross between a blackberry and a dewberry. They were from vines of last year's setting and were part of a prolific crop. Mr. Spratt is growing them at his home in the south part of town and has demonstrated that our chocolate soil will produce the best of berries.

AN APPRECIATION

The Hondo Volunteer Fire Department asks this paper to publicly convey its expression of thanks and appreciation to all who in any manner contributed to the success of the big Street Dance and Carnival of Saturday evening, May 11th. To those who lent their assistance in work in carrying out the program, who contributed prizes for the various gift features, who patronized the games, who purchased admission tickets, and to all who attended and helped to add in any way to the Department's maintenance fund, the Volunteer Fire Department, on its own behalf and the community which it serves, extends assurance of grateful thanks and appreciation.

SORGHUM CROPS ADVANCED

Corn and grain sorghum crops in the Castroville and Hondo sections of Medina County are said to be further advanced now than at this season of the year in several years. In some fields corn is tasseling and maize crops are heading. In other fields, however, because of the continued rain, field grass has attained rank growth.

ST. JOHN'S PARISH NOTES

The Holy Name Society met last Wednesday evening at the school at which time officers for the coming year were elected, with Vice President Frank Graff presiding. The new officers are: Allen R. Webster, President; Oscar Bendele, Vice President; Hubert Hermes, Secretary-Treasurer; Adolph Lutz, Marshall; and Frank Graff and Guenther Koch, Delegates. Lay speaker for the evening was Frank X. Vance, who spoke interestingly on the subject, "The Bible." During the social hour refreshments were served.

St. John's School closed for the term Thursday morning, as a precautionary measure in the prevention of an outbreak of polio in Hondo. No closing exercises will be held and all school picnics and functions have been cancelled, Rev. Kolodzie announced.

Eighteen children received their First Communion at the 7 o'clock Mass Sunday morning, May 12, in St. John the Evangelist Church with Rev. E. B. Kolodzie officiating. Barbara Ann Zerr, Ramona Koch, Marilyn Bendele and Mary Lu Moos headed the procession of children from the school into the church and also escorted the communicants to the altar. Certificates in remembrance of this event were presented to the class, instructed by Sister Killian. The class included the following: Donald Gene Stark, Thomas Hardin Stark Jr., Gerald Joseph Dile, Robert John Dile, Richard Henry Moos, Wm. Casper Moos, John Henry Batot, Richard Paul Turner, Henry John House, Raymond Joseph Murphy, George Daniel Koch, Robert Travis Taylor, Thomas Robert Zuberbuehler, Irene Andrew Braden, Julianna Bernice Bendele, Elizabeth Alma Murphy, June Maria Moos, and Shirley Jean Hermes. Following Mass, the children were guests at a breakfast served in the school by their mothers.

FFA MEETING

On May 13th the Hondo Chapter of the Future Farmers of America held its regular monthly meeting. The meeting was called to order by President Arthur Dawson. There were 39 members present. The purpose of the meeting was to elect officers for the next school year.

The boys recommended by the nominating committee and those from the floor were voted on. The following boys were elected: President, Joe Braden; Vice President, Gerald Britsch; Treasurer, A. G. Wendland; Secretary, Selby Wools; Reporter, Jack Reilly; Watchdog, Bobby Nester; Parliamentarian, Paul Mueller; Historian, Meryle Wiemers; 2nd Vice President, James Tschirhart; 3rd Vice President, Franklin Muennink.

There was no further business so the meeting was adjourned.

MEDINA COUNTY HEALTH NOTES

If every case of suspected communicable disease could be promptly visited by either the family physician or the local health officer, thousands of susceptible persons would be protected from disabling illnesses, according to the State Officer.

To quote Dr. Geo. W. Cox, "The number of the catching disease and old fashioned theory that it is a good thing for children to have a get them over with, has long since been known to be a serious and sometime fatal error. The longer a child can keep from having these diseases, the better it is for him. Every child should be completely protected by vaccination or inoculation against these diseases where immunity can be produced."

Prompt diagnosis, isolation, good medical and nursing care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the mild forms of communicable disease. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine of communicable diseases protects not only the patient, but helps prevent others from contracting the illness.

"The State Health Department," Dr. Cox said, "is doing everything in its power to protect the health of the people of Texas. It is the duty of every man and woman to do his share to maintain a high level of health and help prevent the spread of communicable diseases."

DOUBLE RING NUPTIALS

At a recent ceremony held at St. Henry's Catholic church, Miss Hildegarde Julia Hoog, daughter of Mr. and Mrs. Louis R. Hoog, became the bride of Dennis Guy Dooley, son of Mr. and Mrs. Samuel G. Dooley of Waco. The double ring ceremony was performed April 23 by Rt. Rev. Msgr. James T. Lockwood with the Rev. Alfred H. Rabe, S. M. of St. Mary's university, and the Rev. Emmett B. Kolodzie of St. John's church of Hondo, in attendance. The St. Henry Academy choir, under the direction of Sister Damien, furnished the nuptial music.

Miss Lorraine Calmbach was maid of honor and Mrs. James Hoog matron of honor. The bridesmaids were Misses Catherine Boyle and Jacqueline Ann Davis. Helen Marie Zinsmeister and Edward John Zinsmeister were flower girl and ring bearer. Louis R. Hoog, Jr., attended as best man, and the groomsmen were Edward M. Dausin and James E. Hoog. Edward E. Zinsmeister was usher.—San Antonio Light.

The bride is a niece of our fellow townsman, Mr. C. F. Haass.

Mr. and Mrs. Fritz Balzen and little daughter left Monday by bus to Hamilton, Texas, called there by the serious illness of Mrs. Balzen's aged father.

CHANGES IN OLD AGE AND SURVIVORS INSURANCE SYSTEM ARE RECOMMENDED

The Social Security Board in its Tenth Annual Report has made a number of important recommendations concerning the law. Among them are the following:

Extension of coverage to all gainful workers, including agricultural and domestic employees, public employees, and self-employed persons, including farmers.

Credit to servicemen for their period of service in the armed forces.

Reduction of the qualifying age for all women beneficiaries to 60 years, rather than 65.

Increase in benefit amounts, particularly for low-paid workers.

Increase in the amount of earnings permitted a beneficiary without suspension of benefits.

Elimination of school attendance as a condition for receipt of benefits by 16 and 17 year old children.

YANCEY SOLDIER IN ITALY

LEGHORN, ITALY.—Private Roy
M. Wiemers, son of Mrs. Marie Wi-
emers of Yancey, Medina County,
Texas, arrived safely in Naples and
has been assigned to the Hq. Btry.,
15th F. A. Obs. Bn., a unit of the
Peninsular Base Section, the Army
Service Force in Italy.

PBS served and supplied Fifth
Army and the ground crews of the
U. S. Air Force and Navy during the
entire Italian campaign. The Base is
commanded by Brigadier General
Francis H. Oxx.

After arrival in Naples Port, Pvt.
Wiemers was transported to the 7th
Replacement Depot for processing
according to Army skill and civilian
specialty. At the depot, he was pro-
vided with bed and mattress, ade-
quate blankets and Post-Exchange
supplies in buildings of the "college"
area in Bagnoli. Within thirty six
hours he boarded coach trains to
Leghorn. Enroute here, the train
stopped at Rome where a hot meal
was served. At Grosseto, almost mid-
way between Rome and Leghorn, cof-
fee and doughnuts were provided in
a railroad station club of the Ameri-
can Red Cross. Upon arrival at Leg-
horn, the soldier went to the 1st
Staging area to be transported to his
assigned unit in the near vicinity.

Peninsular Base Section has a re-
cord of uninterrupted service in this
theatre extending over three years.
Advance echelons arrived with com-
bat units invading North Africa in
November 1942. After ten months in
support of the North African and
Sicilian campaigns, selected personnel
of these Army Service Force head-
quarters and units were organized into
the present Base Section for move-
ment to Italy. Again an advance
echelon sailed with the invasion con-
voy, landing D plus 2 at Salerno.

PBS rehabilitated the ports of
Naples, Anzio, Civitavecchio, Piom-
bine and Leghorn in support of Fifth
Army's drive up the Italian penin-
sula. PBS also played a major part
in the mounting of the Southern
France invasion.

Private Wiemers was farming be-
fore entering the Army on June 14,
1945. He has a brother also in Ser-
vice, Pvt. Fielding G. Wiemers of
Camp Roberts, Calif.

Kathleen Norris Says:

Moratorium on Divorce

Bell Syndicate.—WNU Features.

"Poor Roy! He wants sympathy, petting and understanding. He has had a pretty tough time."

By KATHLEEN NORRIS

ALL the time he is away, and for six months after he gets home, it ought to be made illegal for a soldier's wife to ask for a divorce.

If we had had a law like that for the last four years, hundreds of American homes would have been saved. And as the saving of the American home is as important as the saving of America, this would have been a wise law.

Soldiers are subject to hundreds of laws, some good, some petty; they must obey them all or suffer humiliating and painful penalties. A man doesn't ask to get into the service, he is drafted; it may mean the loss of an arm or a leg, or of his eyes, but he has no choice.

It may mean that he comes back from years of service to discover that the sweet and gentle woman of whose love he has been dreaming has taken on another lover, that she wants a divorce, that the babies whose little crumpled snap-shots he has been treasuring through many an hour of danger and loneliness, are to be his babies no longer; he has lost home, wife, children at one blow.

But he has lost much more than that. His morale receives a deadly stroke. He is tired, disillusioned, perhaps embittered, perhaps sickened and saddened by the long bout with death, by the sight of crushed bodies and torn limbs. Of course he doesn't come home the sunny, unanalytical, easy-going young fellow who went away. Of course he needs great doses of affection and silence and patience, if he is to be cured.

Decision in Two Days.

He doesn't get them. "Roy had only been home two days," writes a Seattle wife, "when we knew it was no go!"

Two days! After 31 months in the inferno of the South Pacific, after risking his life over and over and over, Roy comes home to his dream woman, and finds she isn't a dream at all, but a quite human, faulty, aggrieved young thing who believes that she has had just as hard a time as he has. His children are grown out of recognition; finances are in an unstable condition; Anna knows he ought to go back and finish his law course, but good gracious, she can't live on a government allowance all that time — and what on earth are the Bakers to do?

Poor Roy! He wants sympathy, petting and understanding, he wants the appreciative attention of all his old friends he has had a pretty tough time. Instead, no one takes any particular notice of him, and Anna poses a new problem every other day.

"Roy had only been home two days when we decided it was no go," Anna writes. "All our friends agreed that he was simply impossible."

In 48 hours she had time to discuss him with all their friends, apparently. Roy knew he was unpopular, and that didn't help.

Roy Married Again.

But there's another half to this story. All this was a year ago. Anna

PATIENCE AND AFFECTION

Naturally it is difficult for a returned veteran to slip right back into familiar civilian life again. He has had all sorts of hardships and painful experiences. His nerves are raw from danger and discipline, or perhaps a siege in the hospital. When he comes back, expecting his wife to be ready to soothe him and to make up for all the misery, he is frequently disappointed.

She probably has had a hard time of it, trying to manage on a small allotment, or working part time. Housing shortages, food rationing and other homefront problems had worn her down. There may be children to care for after a tiring day at work. No wonder she is not quite as sweet and young as he anticipated.

All too often these disillusioning homecomings end in divorce. Quick tempers and frayed nerves bring on quarrels of various sorts. The only remedy seems to be in separation. Hasty action quite often causes lifelong heartbreaks, where a little patience and affection would solve the problem, says Miss Norris.

got her divorce and the care of two small girls. Roy married a woman who has quite a little property out in the country and is having a good time managing it. Miraculously, he finds himself loved and useful; Anna is out in the cold.

"I've always loved Roy," her letter finishes, "and is it fair that I should be left to raise the children, with no help from him—because he has no money—while he has a glorious time running three ranches?"

Thousands of wives have demanded divorces from servicemen during these years. And almost equal thousands have wished they were back with the original mate. A few months of patience, a genuine desire to understand what a man is feeling, a careful preparing of the children's minds, and before you know it, the strangeness of the readjustment wears away, and the man and woman find that they still want to be companions in the adventure of life.

If you are one of those wives who met your man with good news, with a hopeful plan, with a heroic facing of the unavoidable changes and difficulties, then you have done your job for America as well as he did his.

If you are not, you may be among the thousands who leaped into wartime or postwar time divorce, you may already be feeling, as I feel, that a wartime moratorium on divorce would save a great deal of heartbreak. Among other fundamental stupidities, we humans very often don't know what we want.

New German Churn

A novel German continuous buttermaking machine, which may be more efficient than American churns, has been brought to the United States for testing. Results of the test will be made available to American industry after research is completed, in about three to six months. Continuous buttermaking machines have not been used commercially in the United States. The German machine is reported to produce 1,500 pounds of butter per hour.

Woman's World

Boost Blouse Supply By Making New Ones from Old Dresses

By Ertta Haley

NO WOMAN ever has enough blouses, the most economical item in the wardrobe. If you have a skirt with a choice of two, three or even four blouses, you can always be sure of going about well dressed without giving the impression that you are always wearing the same clothes or operating on a limited wardrobe.

Most blouses require two yards or less of material, and they may be made from all sorts of material. In fact, the sky is the limit as far as fabrics for blouses are concerned. Many a woman with outmoded dresses or evening gowns can put together several blouses and give the impression of a brand new wardrobe.

Taffeta evening gowns make particularly attractive blouses. Since taffeta blouses are now popular, those outmoded gowns should now be taken out, overhauled, cut and made into something as usable and pretty as a blouse to give you an alternate for that new spring suit.

Any style may be chosen for taffeta blouses are seen in draped and tailored styles. They are cool and feel well under a wool suit. They are dressy enough even when you remove the jacket to your suit.

Fitting is as important in a blouse as in a well-tailored suit. Take a look at some of the handsome, expensive blouses in the stores and you will see what I mean. Notice that there are at least four tucks at the waist of the blouse, two on each side in both back and in front. In some styles you will find even more tucks to give that "nipped" at the waist look, and prevent too much fullness under the skirt.

Details are Important In Making Blouse

Another important detail which we are beginning to see more often in blouses is the deep dart right underneath the arm. This is used to get away from the flat-looking bust

If you have a taffeta evening gown...

and to give more attractive, fitted lines to the garment. Even if the pattern which you happen to be using does not show these darts, fit them into the garment after the shoulder seams are sewed and you are ready to fit these side seams. Then baste them in, press, and try on. You will see how much they do for the figure.

Darts are used plentifully on the blouse, as are gathers. In making the blouse, gather at the shoulders first, using very tiny stitches so that the gathering will be even. If the blouse has a yoke and an action back, make sure that the blouse is gathered, as at the shoulders, and basted carefully in place before sewing.

Another detail which is important in the blouse is the shoulders. A tiny basting stitch is run around the upper part of the sleeve, and this is used for making the small gathers which enable you to ease in

Make a crisp blouse.

the sleeve when you are ready to stitch it into place on the blouse. Most of the fullness is allowed on the top of the shoulders and the back. Make sure that no gathers are allowed underneath the arm, as this will make the blouse uncomfortable to wear.

Many types of shoulder pads are now available which will also aid in

Black Wool Crepe

A smart black wool crepe dress with a matching hood is modeled by Martha Vickers, now appearing in Warner Brothers' "The Big Sleep." The hand-crocheted pelum is of black chenille.

giving good lines to the blouse. The more expensive pads seem to cup the shoulder rather than pad it, and they are not so weighty as the stuffed ones. They may be used in several blouses.

Another type of pad now being made is attached to a net vest. This is designed to be worn underneath the blouse, and of course, it eliminates sewing pads in each blouse.

Still another solution to the pad problem is to use the taffeta itself. The pads, which need not be stuffed, since the material is stiff, will also match the blouse perfectly.

If you are fond of cuffs on the blouse, taffeta makes beautiful pleated cuffs. The pleats should be placed evenly and pressed and basted in place before sewing. Pay particular attention to the line or print of the material. Piping may also be used if you are fortunate in finding some that matches or contrasts perfectly with the material you have on hand.

If you are making long sleeves on the blouse, you will want at least two darts at the elbow to allow for freedom of movement. Sometimes patterns will call for only one dart, but it has been found best to make two small rather than one deep dart. The finished garment will also look much better.

It is always wise in making darts of this type to come to a sharp point. You can best guide your sewing if you will baste first. Always tie the threads on the inside—and do tie them firmly so that the dart does not come open later. It's much easier to sew them right the first time than to try to repair them later when they are sewed on the garment and you no longer have a flat working surface.

Home Sewing Hints

Just a word about patterns for those of you who do a lot of home sewing. If the tape measure around the bust reads 42, please buy a pattern in that size, not in a 38. The size of the individual is much better concealed in a correctly fitted garment, than one which is too small.

If the pattern must be altered, it is much easier to alter one that is too large simply by taking tucks in the pattern. If too small, the pattern must be slit, and this is much more difficult to do than taking in tucks.

Avoid over-sewing if you want the garment to look nice. Use the type of finished edge most suitable to your material and make this as neat as possible.

Good table space, good light and a place for the ironing board are among the essentials needed for home sewing. If it is not possible to have a sewing room, have all these items conveniently on hand when you do sew.

Spring Fashion Notes

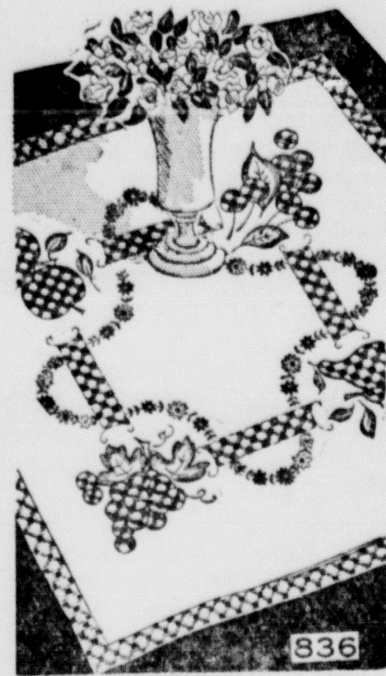

Gray is a most popular color for summer wear. Gray chambray trimmed with white eyelet is exceedingly popular.

Delightful cotton eyelet is perfect for cool, short, street-length dresses. These can be dressy and sophisticated and need not look as though they were borrowed from daughter.

Scarf prints are worked into the bodice or scarf treatments in ingenious ways that bespeak a decided play of imagination. They are worn around the head like a little draped turban. Hoods are the plaything of designers who are creating scarflike affairs to wear in connection with new spring dresses.

Stiffer Attitude Toward High-Handed Unions Seen

THE "anti-Petrillo" is now the law of the land, signed by the President. And that signature marks a milestone of some kind, for this reporter believes that despite the fact that we have a week-kneed, supine congress, the law will mark the turning point in government relations with labor abuses.

This so-called Petrillo bill is a slap on the wrist for Mr. James Caesar Petrillo, head of the musicians' union, but it eliminates abuses in only one industry, "featherbedding" in the radio industry. It permits the same abuses to be practiced by Mr. Petrillo in other industries... notably motion pictures and theaters, and it leaves other unions free to perform the same practices that Mr. Petrillo is punished for in the radio industry.

For instance, the law says that Mr. Petrillo cannot levy a royalty or a tax on phonograph records used for broadcasting, but the union can still levy this royalty on every record you play in your home. Mr. John L. Lewis is at this very moment seeking to levy a tonnage tax on every ton of coal, 10 cents a ton, to provide a huge fund for his miners' union. But Mr. Lewis is free to do that since the "anti-Petrillo" law doesn't apply to the miners' union.

But a congress which gave in to political expediency in its worst sense, and played checkers with the security of the nation in the emasculated draft bill, and which indicated such utter stupidity and disregard for the welfare and opinions of the rank and file of the American people in passage of the vivisectioned OPA bill in the house, probably could not be expected to take up the abuses of labor union leaders in one fell swoop.

Unions Are Necessary

Your Home Town Reporter believes in labor unions. They are necessary in our American way of life, since without them the American workers would be at the mercy of greedy employers. Were it not for labor unions, a man's toil would still be a commodity to be bought and sold, to be used or disregarded at the whim of any capitalist. But the abuse of these benefits which have been granted to labor by certain labor bosses and in which these bosses even defy the government of the United States, should most definitely be curbed. Public opinion polls indicate that the rank and file of the American people hold to this opinion and the folks who live in the small towns and the rural areas are particularly incensed at practices and unlicensed affronts of some of these leaders.

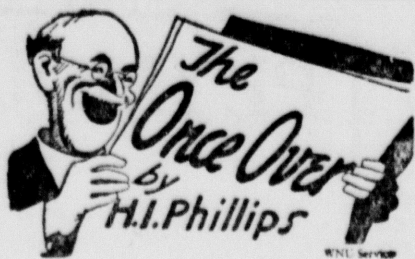

The Case bill, approved here by some of the farm organizations, will die aborning in the senate and in the senate labor committee. A majority of this committee has had the temerity to propose a measure which would punish unions seeking to extort money from farmers by coercion or force and to prevent farmers from transporting perishable farm products to market.

This has happened in Pennsylvania, in New York, and in other sections wherein farmers' trucks have been overturned, or the farmer has been forced to pay tribute to unions to drive his truck of produce into the market place. But what about the farmer who seeks to transport nonperishable products? Why not include that in the bill for it is most certainly as wrong for unions to prohibit the hauling of logs to market as it is to levy tribute for lettuce. And why not at the same time protect others besides farmers?

A Tribute on Every Ton

Now the entire country is just about to pay tribute to John L. Lewis before he consents to let his miners mine coal for industry and to heat your houses. Mr. Lewis struts from the headquarters of the United Mine Workers of America, a stone-facaded building about a block from my office here, and which resembles nothing more than an exclusive Union League club or a Carnegie library, and issues an edict... an edict to the Mine Owners, to Industry, to the American Public and to the Government of the United States... and he will probably get away with it.

Wages for his miners is a secondary issue. What he wants most is that royalty of 10 cents a ton which would mean some 50 to 60 million dollars a year in Mr. Lewis' coffers for welfare or whatever he determines to use it for. So what difference 400,000 miners out of work for three, or five or six weeks, or why should Mr. Lewis care if members of other unions in steel, autos and a dozen other industries are thrown out of work by his coal strike... or that production is stopped and reconversion slowed? Mr. Lewis wants to strut his power.

Legs and Inflation

Milady's legs have a bearing on inflation, reconversion, prosperity and economics. Those "gams," it seems, are definitely related to the state of the union.

By being a little skimpy on clothes a girl may be helping America over the crest and hastening a more stable economic order. The less she wears the more she may be lessening the burdens of the President, his cabinet, OPA, the Democratic National committee and perhaps the Big Three.

All of which is apparent from the news that the subject of one inch more or less of the female knee has been causing huddles and debates in Washington. Whether or not to lengthen skirts has been agitating the Civilian Price Control administration and its advisory committees no end.

The advisory committee have suggested that Washington permit skirts to be an inch longer, but CPA has been extra cautious. Even a half inch more of leg may mean millions of yards of skirt material. Hence the committee sessions, administration conferences, policy makers' huddles and frantic debates among national leaders, lobbyists, congressmen, etc.

President Truman's "Hold the Line!" ultimatum may be taken as applying to the kneecap of American womanhood. (Harry has not personally made any public announcement of his convictions on knees. But unofficially he is said to believe them a good thing for the nation.—Ed. note.)

But the news that they figure in OPA ceilings, inflation problems, etc., and that OPA and CPA are in fact right in milady's boudoir, and that Chet Bowles thinks the legs of our women are definitely involved in the war to stop runaway inflation comes as news to most people.

The United States Agricultural Department's Division of Marketing and Transportation Research incidentally reports that the length of skirts is a barometer for depressions and prosperity. Possibly along this line:

Full length skirts... Hard times.
Two inches above ankles... Things picking up.
Four inches above... Carloadings improve. Bankruptcies decline.
Six inches... Stock market rallies.
Eight inches... Splitups and extra dividends. Republicans see chance to get back into power.
Ten inches... Barney Baruch suspends park bench deliberations.
Up to knee... Dangerous boom. Golf club membership rise to \$2,500 a head. War clouds in Europe.
One inch above knee... War. Reconversion. Inflation.

RHYMES FOR A FOOD SHORTAGE

Jack Spratt could eat no fat,
His wife no lean would touch;
They also cut their bread a lot;
We ought to do as much!

Sing a song of six peace,
A pocket full of rye;
Four and twenty blackbirds
Baked within a pie;
When the pie was opened
The birds began to wheeze
"We're terribly embarrassed
By pie in times like these!"

The state of New York now has a law requiring that all new barbers take out a license. To get it they must submit two photographs, evidence of good moral character, a certificate of health and evidence of an elementary education. We await the first revocation for careless shaving. Or taking too sharp a turn around the ears.

Yale is opening courses in civilization. The question whether "Boola Boola" is a jungle cry will be gone into thoroughly.

Add similes: As embarrassed as a fellow who asks for French pastry openly.

Latest version of a bewildered gag: "If I had some butter I'd have some bread and butter if I had some bread."

Our idea of a completely happy hour in the great American home (1946 model) is the one when the handsome and flawlessly groomed gentleman who poses for the whiskey ads learns that his daughter has just been chosen Miss Somebody's Beer.

If G-Man Hoover ever writes his memoirs a swell title would be "The Yegg and I."

WONDERMAN OF 1946

A super guy
Is Chester Groater:
He got a brand
New outboard motor!

CAN YOU REMEMBER—

Away back when it was necessary for a doctor to say "Cut out the bread and all rich pastries?"

Firestone Announces THE SAFEST AND LONGEST WEARING TIRE EVER BUILT

RAYON
CORD AT
REGULAR
PRICE!

UP TO 55% STRONGER
New Rayon Cord Safti-Sured Body* Gives Extra Protection Against Blowouts

UP TO 60% MORE NON-SKID ANGLES
New Safti-Grip Tread Provides Extra Protection Against Skidding

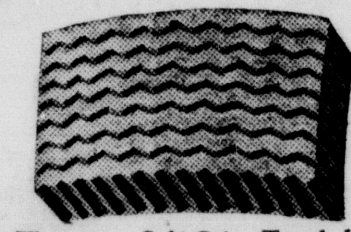

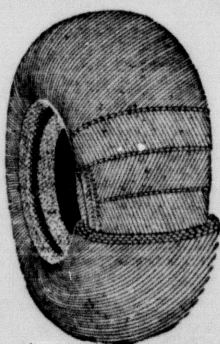

UP TO 32% LONGER MILEAGE...
Wear-Resistant Vitamic Rubber in both the Tread and the Cord Body Assures Extra Protection Against Weather and Wear

INSTEAD of merely substituting a rayon cord body for cotton cord in a previous tire design, Firestone especially engineered this tire to take full advantage of the extra strength of rayon. As a result, Firestone research has created a revolutionary new tire, tested and proved by millions of miles of service—a tire that's new in design, new in materials, new in performance—YET IT SELLS AT REGULAR PRICE. See this new Firestone De Luxe Champion Tire at your nearby Firestone Dealer Store or Firestone Store TODAY!

*Rayon cord bodies in size 6.50 and larger, extra strong cotton cord bodies in smaller sizes until more Rayon is available.

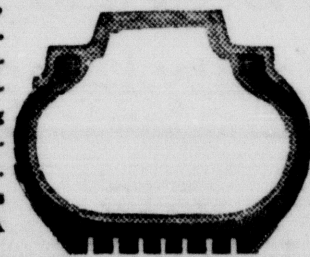

HERE'S WHY THE NEW FIRESTONE DELUXE CHAMPION STAYS SAFER LONGER

Rayon fibers are locked together by the Firestone Safti-Lock process, then Gum-Dipped and calendared with Vitamic Rubber. Safti-Sured Construction welds all parts of the tire into an inseparable unit for EXTRA PROTECTION AGAINST BLOWOUTS.

The new Safti-Grip Tread has up to 60% more non-skid angles for EXTRA PROTECTION AGAINST SKIDDING.

New, wider, flatter, silent Safti-Grip tread and large area in contact with the road mean slow, even wear. Precision balance and uniform flexing mean less internal heat. These features assure EXTRA MILEAGE!

THE ONLY TIRES MADE THAT ARE SAFETY PROVED ON THE SPEEDWAY FOR YOUR PROTECTION ON THE HIGHWAY

For the best in music, listen to the "Voice of Firestone" every Monday evening over NBC network.

Judge and Mrs. H. E. Haass, Mrs. H. V. Haass, Sr., and Roy Carter were in Fredericksburg Wednesday of last week attending the Centennial celebration.

Mr. and Mrs. Jack Garrison have bought the Henry Buss, Sr., place North of Hondo and plan to make it their home after extensive remodeling and modernizing.

Bring your cleaning, pressing and alterations to the **SUNSHINE CLEANERS**.

Mr. Henry L. Ellebracht of Fredericksburg, enroute home from Sabinal Monday, where he had been to close a real estate deal, stopped over here Monday night visiting friends. Mr. Ellebracht is 77, a native of Fredericksburg and has spent most of his life there. He says the recent 100th anniversary celebration of the founding of the city was the biggest thing in the way of a celebration he ever witnessed. The attendance was estimated at 60,000.
